|  | 1960 | Participation at the 7th ICSS (USA, Madison).   |

| Year | Activity  |
|------|---|
| 1961 | Publish the English Journal bimonthly. The name of the Journal became "Soil Science and Plant Nutrition".                   |
| 1963 | The spring meeting was held in Kyoto, and it was decided that the conference is held  |
|      | outside Tokyo each 2nd year. The Future Plan Committee addressed the "Problem   |
|      | concerning the education in soil science and plant nutrition".  |
| 1964 | Participation at the 8th ICSS (Rumania, Bucharest).   |
| 1966 | Establishment of 10 division and division head system.  |
| 1968 | Celebration of the 40th year anniversary (4th April). Participation at the 9th ICSS (Australia, Adelaide, 6th-16th August). |
| 1969 | Special issue on the 40th anniversary "Development of Soil Science and Plant Nutrition in                                   |
|      | Japan" was published. Short Communication was included in English Journal SSPN.   |
| 1971 | The 11th division (Environmental protection) was established. The turn of annual meeting was decided.                       |
|      | Establishment of council system. Student member was included to the membership types.                                       |
| 1972 | The publication of the English Journal was entrusted toCenter for Academic Publications                                     |
| 1072 | Japan.  |
| 1973 | The English Journal was issued 4 times from Volume 19.  |
|      | Participation at the 10th ICSS (USSR, Moscow, 12th – 20th August. The 11th ICSS was   |
| 1974 | suggested to be in Japan, but it was turned down, and a international seminar was suggested.                                |
|      | "International Seminar on Soil Environment and Fertility Management in Intensive  |
| 1977 | Agriculture" (SEFMIA) by the ISSS was held. (Oversee participant 80, Japanese   |
|      | participant 230, Tokyo 10th -17th October).   |
|      | The society became an incorporated association Japanese Society of Soil Science and   |
|      | Plant Nutrition from 1st April. Issue the articles of incorporation. Celebration of the 50th                                |
| 4070 | year anniversary was conducted. The society became organized by board members. The  |
| 1978 | office moved to Bunkyo-ku, Hongo 6-26-10-202 in May. Bimonthly publication of the   |
|      | Journal from Volueme 49 (1). Participation at the 11th ICSS (Canada, Edmonton, 19th   |
|      | -27th June). ISHIZUKA Yosiro was selected as the 1st honorary member of ISSS.   |
| 1981 | The English name of the society was decided as "Japanese Society of Soil Science and  |
| 1901 | Plant Nutrition (abbreviation JSSSPN).  |
| 1982 | Committee to promote soil education was founded. The 1st Encouraging Prize of the   |
|      | Society of Soil Science and Plant Nutrition was awarded. Participation at the 12th ICSS                                     |
|      | (India, New Delhi, 8th 16th February).  |
| 1982 | Committee to promote soil education was founded. The 1st Encouraging Prize of the   |
|      | Society of Soil Science and Plant Nutrition was awarded. Participation at the 12th ICSS                                     |
|      | (India, New Delhi, 8th 16th February).  |
| 1983 | Publication of Society of "Terms of Soil Science and Plant Nutrition".  |

# Chronicle Table of the Japanese Society of Soil Science and Plant Nutrition (3/7)

| Year | Activity   |
|------|--|
| 1984 | Declaring to hold the ICSS in 1990 in Japan, and started the 14 <sup>th</sup> ICSS preparation                                     |
|      | committee.   |
| 1985 | Change the detail rules and added the right to receive the Society Award to overseas   |
|      | subscription member (individual) as.   |
| 1986 | Publish the "Standard methods for soil analysis and measurement" edited by the society.  |
| 1300 | Participation at the 13 <sup>th</sup> ICSS (West Germany, Hamburg, 13 <sup>th</sup> -2oth August).                                 |
|      | Exhibit the English Journal SSPN to the Frankfurt Book Fair (7 <sup>th</sup> -12 <sup>th</sup> October). Co                        |
| 1987 | organize with the USDA the 9 <sup>th</sup> International soil classification workshop "Characterization,                           |
|      | classification and use of volcanic and paddy rice soil" in Japan (20 <sup>th</sup> July to 1 <sup>st</sup> August).                |
|      | Participation at the 5 <sup>th</sup> International Soil Conservation Conference (Thailand, Bangkok,18 <sup>th</sup>                |
| 1988 | 29 <sup>th</sup> January). Participation at the 1 <sup>st</sup> international Symposium coorganised by ISSS                        |
|      | andPaddy Soil Fertility Working Group (Thailand, Chiang Mai), 6 <sup>th</sup> -13 <sup>th</sup> December).                         |
| 1989 | Organize "Present and future of fertilizer" as a satellite symposium of the 14 <sup>th</sup> ICSS                                  |
| 1303 | (25 <sup>th</sup> -26thSeptember).   |
|      | Publish the "Analysis methods of plant nutrition" edited by the society. Organize the 14 <sup>th</sup>                             |
|      | ICSS together wit the Science Council of Japan in Kyoto (12 <sup>th</sup> -18 <sup>th</sup> August, participants                   |
| 1990 | 1,616, among them 761 foreigner from 75 countries). Establishment of preparation   |
|      | committee f East and Southeast Asia Federation of Soil Science Societies (15 <sup>th</sup> August).                                |
|      | Organize an international Symposium "Rhizosphere and stress" (20 <sup>th</sup> August).  |
|      | Adapt the SI unit to the Japanese and English Journal, and declared the recommended  |
|      | examples including some non-SI units. Publish the "Organic savage use at green an  |
| 1991 | farmlands" and "Current situation and measures of Japanese farmland soils" edited by the   |
| 1001 | society. 1 <sup>st</sup> East and Southeast Asia Federation of Soil Science Societies (ESAFS)                                      |
|      | workshop "Comparison of farmland soil classifications in East and Southeast Asian  |
|      | countries" in Osaka (10 <sup>th</sup> -16 <sup>th</sup> October).  |
| 1992 | Adapt SI unit in the Japanese Journal from the Volume 63 No. 1. ESAFS office moved to  |
|      | Chinese Soil Science Society from August.  |
| 1993 | Participation at the 2 <sup>nd</sup> ESAFS workshop "Classification and management of desert soils"                                |
|      | (China, Urumqi, 20 <sup>th</sup> - 23 <sup>th</sup> August).   |
|      | Committee of the Future Panning of the Society, and Committee of Financial problems  |
| 1994 | were formed. Participation at the 15 <sup>th</sup> ICSS (Mexico, Acapulco, 10 <sup>th</sup> -16 <sup>th</sup> July). Participation |
|      | at the 3 <sup>rd</sup> ESAFS workshop (Malaysia).  |
| 1995 | Reorganize the society from 11 to 8 divisions and set the research unit to 24 groups. Start  |
|      | the Soil Science and Plant Nutrition Technology Award. Publish a supplemental book for   |
|      | elementary and junior highs school teacher "Tales about soil for teachers".  |
| 1996 | Award the 1st Soil Science and Plant Nutrition Technology Award. Committee to deal with  |
|      | the English Journal was formed.  |

| Year | Activity  |
|------|---|
| 1997 | Open the website of the society. Coorganize the 13th International Plan Nutrition with the Science Council of Japan in Tokyo (13th-19th September, Participants 545, among them   |
|      | 171 foreigner). Participation at the 4th ESAFS international conference (Korea, Cheju   |
|      | Island, 11th 14th November).  |
|      | Publish "Soil and Food – for a healthy future" as the anniversary of 70th anniversary (25th   |
|      | September). Publish "How to teach soil – a new environmental education material".   |
|      | Participation at the 16th WCSS (France, Montpellier, 20th-26th August), where the   |
| 1998 | honorary member of our society WADA Koji was elected as honorary member of the ISSS.  |
|      | Due to the change from ISSS (International Society of Soil Science) to IUSS (International  |
|      | Union of Soil Sciences) that is a member of ICSU (International Council for Science), the conference name was changed from ICSS to WCSS (World Congress of Soil Science).         |
|      | Organize a 70th year anniversary symposium "Outlook of soil science and plant nutrition   |
| 1999 | research in sustainable agriculture based on region" (3rd April). Open symposium "Soil  |
| 1000 | pollution in Japan and its remediation" (4th June).   |
|      | Employ delegates system to the first general assembly. First delegate election in   |
|      | November. Donation from he member INAMATSU Katsuko and found the "Woman and   |
| 2000 | young member support found (Inamatsu Found)". Reedited the "Terms of Soil Science and   |
|      | Plant Nutrition (1983)" and publish "Terms of Soil Science, Fertilizer and Plant Nutrition".  |
| 0004 | General assembly by the first delegates (3rd April). Participation at the 5th ESAFS   |
| 2001 | international conference (Thailand, Krabi, 27th-31st May).  |
|      | Publish the "Picture book of Soil; 5 volumes". Organize the 2nd International Conference  |
|      | on "Silicate and Agriculture" in Tsuruoka (22nd-26th August). Participation at the 17th   |
| 2002 | WCSS (Thailand, Bangkok, 14th-20th August, Participants 2,000, among them 120   |
|      | Japanese). Honorary member of our society TANAKA Akira was elected as honorary  |
|      | member of the ISSS.   |
|      | Decide to start the Outstanding Paper Award of Journal of Japanese Soil Science and   |
|      | English Journal Plant Nutrition and SSPN Award. Receive the donation due to the   |
|      | dispersion of the incorporated foundation Fertilizer Research Institute and use the found   |
| 2003 | the Young Researcher Travel Award to Oversee Conference. The "Picture book of Soil; 5   |
|      | volumes" was awarded Sankei Children's Publishing Culture Award (29th May).   |
|      | Participation at the 6th ESAFS International Conference "Soil Management Technology on  |
| 2004 | Low-productivity and Degraded Soils" (Taiwan, Taipei, 24th-29th).   |
|      | Coorganize the 12th Symposium "XIV Internnational Symposium on Iron Nutrition and<br>Interactions in Plants" in Tokyo (11th-15th April).Organize the 6th International Conference |
|      | on "PSILPH (Plant - Soil Interaction at Low pH)" in Sendai (1st-5th August).  |
| 2005 | Coorganize the 6th International Workshop on "Ion metabolism" in Kisarazu (17th-21st  |
|      | May. Participation at the 7th ESAFS International Conference (Philippine, Quezon, 1st-5th   |
|      | June).  |

# Chronicle Table of the Japanese Society of Soil Science and Plant Nutrition (5/7)

| Year | Activity  |
|------|---|
| 2006 | Establish the 9th division "Soil Culture and Society". Committee of soil education is             |
|      | awarded by the Minister of Education (Promotion of understanding). Change the                     |
|      | entrustment of the English Journal from Volume 52 to Blackwell and made it online                 |
|      | available. Participation at the 18th WCSS (USA, Philadelphia, 9th-15th July).                     |
|      | Set the ethical code of the Japanese Society of Soil Science and Plant Nutrition. Entrust         |
| 2007 | the publication of the Japanese Journal and the member account to special limited liability       |
|      | company Ares. Conduct the 8th ESAFS International Conference at Tsukuba (22nd-23rd                |
|      | October). Honorary member KYUMA Kazutake was awarded the 1st ESAFS Award.                         |
|      | Publish "Let's use wisely the fertilizer – for a rich and safe food production" edited by the     |
| 2008 | Public Relations Committee. Honorary member of our society KUMAZAWA Kikuo and                     |
|      | KYUMA Kazutake was elected as honorary member of the IUSS.  |
|      | The impact factor of the English Journal SSPN rise to 1.15 and became internationally             |
|      | recognized. Start poster presentation by high school students from Kyoto Conference.              |
| 2009 | Publish "How to teach soil (new) – Environmental teaching material in practice (fist and          |
|      | second volume) "edited by the Committee for Soil Education (10th October). Participation          |
|      | at the 9th ESAFS International Conference (Korea, Seoul, 27th-30th October).                      |
|      | Change the entrustment of English Journal SSPN from Vol. 57 to Taylor & Francis co.               |
|      | Decide to create the award "Soil Science and Plant Nutrition Contribution Award and               |
|      | "Technical Encouragement Prize". Coorganize the "Nitrogen 2010" in Inuyama.                       |
| 2010 | Participation at the19th WCSS (Australia, Brisbane, presentation from Japan 97). The              |
|      | English Journal SSPN became a 協力誌 of IUSS. Coorganize the 1st International                       |
|      | Conference on "Asian Conference on Plant-Microbe Symbiosis and Nitrogen Fixation" in              |
|      | Miyazaki.   |
|      | Approve to became the general incorporated association, its start of application and              |
| 2011 | changes in articles of incorporation. Participation at the 10th ESAFS International               |
|      | Conference (Sri Lanka, Colombo, 10th- 13th October).  |
|      | Incorporated as the general incorporated association. Started to award "Soil Science and          |
| 2012 | Plant Nutrition Contribution Award" and "Technical Encouragement Prize". Participated at          |
|      | the IUSS International Conference (Jeju, Koria, June 3-8).  |
| 2013 | Co-organized the International Workshop on Plant Membrane Biology XVI (Kurashiki,                 |
|      | March, 6-9) and the18th International Congress on Nitrogen Fixation                               |
|      | (Miyazaki, October, 14-18). Participated at the 2013 European Geosciences Union                   |
|      | Meeting (Vienna, April, 7-12), the IUSS Global Soil Carbon Conference (Wisconsin, June,           |
|      | 3-6), and the 11 <sup>th</sup> ESAFS International Conference (Bogor, Indonesia, October 21-24) . |

# Chronicle Table of the Japanese Society of Soil Science and Plant Nutrition (6/7)

| Year | Activity  |
|------|---|
|      | Moved the office into Tamura building at Hongo 5-23-13, Bunkyo-ku, Tokyo. Registered as               |
| 2014 | a partner of Global Soil Partnership (GSP). Co-organized the 20th World Congress of Soil              |
|      | Science (WCSS) pre-congress Japan Volcanic Soil Tour. Participated at the WCSS (Jeju,                 |
|      | Korea, June 8-13). Invited Dr. Rainer Horn (President of IUSS) to the annual meeting in               |
|      | Tokyo. Co-organized the JIRCAS International Symposium "Soil Environment and Crop                     |
|      | Production: Toward Stable Crop Production in Developing Regions".                                     |
|      | International Year of Soils 2015. Organized a photo contest, an soil exhibition tour in               |
|      | museums and the Celebration Symposium of International Year of Soils 2015 (Tokyo,                     |
|      | December 5). Sold specially cultivated rice and sake. Published supplemental issue of                 |
|      | SSPN Vol.61 "Soils of anthropized environments". Participated at the Asian Soil                       |
| 2015 | Partnership Consultation Workshop (Bangkok, Thailand, May 13-15), the 12th ESAFS                      |
|      | international conference (Nanjing, China, September 18-21), the Symposium (Kiel,                      |
|      | Germany, September 19-21), and the Celebration of International Year of Soils 2015                    |
|      | (Vienna, Austria, December 7-8). Co-organized the 13 <sup>th</sup> ICOBTE (Fukuoka, July 12-16).      |
|      | Invited Dr. Rattan Lal(IUSS Next President) to the annual meeting in Kyoto.                           |
|      | Co-organized the 18th International Conference of International Humic Sucstances Society              |
| 2016 | (Kanazawa, September 11-16). Dr. KOSAKI Takashi was elected to be next IUSS                           |
| 2010 | president. Participtaed at the IUSS International Conference (Rio de Janeiro, Brazil,                 |
|      | November 19-25).  |
|      | Participated at the European Geosciences Union (EGU) General Assembly (Vienna,                        |
|      | Austria, April 23-28), the Global Soil Partnership (GSP) Plenary Assembly (Rome, Italy,               |
| 2017 | June 20-22), the 14 <sup>th</sup> ICOBTE (Zurich, Switzerland, July 16-22), the International Council |
| 2011 | for Science (ICSU, Taipei, Taiwan, October 19-27), and the 13 <sup>th</sup> ESAFS (Pattaya, Thailand, |
|      | December 12-15). Invited Dr. Flavil A. O. Camargo (IUSS vise-president) to the annual                 |
|      | meeting in Sendai.  |
|      | Participated at the EGU (European Geoscience Union Congress 4/8-13, Vienna, Austria),                 |
|      | ICSU (International Council for Science General Assembly 7/2-7 in Paris, France) and                  |
| 2018 | WCSS (Aug. 12-17 in Rio de Janeiro, Brazil). Dr. KOSAKI Takashi was inaugurated IUSS                  |
|      | President.  |
| 2019 | Dr. Ratan Lal, past president of IUSS, received the 2019 Japan International Award (4/8).             |
|      | ESAFS support office is established to enhance information dissemination. Participated at             |
|      | IUGG (International Union of Geodesy and Geophysics 7/26-31 in Paris, France) and                     |
|      | ESAFS (11/3-7 in Taipei). Sent Commission Chair/Vice Chair and Working Group Chair to                 |

## Chronicle Table of the Japanese Society of Soil Science and Plant Nutrition (7/7)

| Year | Activity  |
|------|---|
| 2020 | Due to the impact of COVID-19, many international conferences were canceled, postponed,<br>or held online, and sending delegates from JSSSPN was canceled. IUSS President Dr.<br>KOSAKI received the International Soil Science Award. Dr. INUBUSHI Kazuyuki, former<br>president of JSSSPN, was elected as an honorary member of IUSS. |
| 2021 | Following FY2020, due to the impact of COVID-19, many international conferences were canceled, postponed, or held online, and sending delegates from JSSSPN was canceled.   |
